Just talked with her. She's waiting to hear a day and time from the USACE-STL point person who's coordinating with Blunt's office, and will forward to us once she gets it.

Jeff, I've heard nothing yet from anybody on a time/date for this requested meeting. I'm not sure who has been taking point on setting it up, either. Do you know what the status is?

Jeff:

Just heard back from St. Louis District - Ms. DeGregorio wants to meet with USACE personnel in St. Louis because she has not met them before and to generally talk about West Lake. Please advise of any time next Wed, Thurs, or Fri that would NOT work for you or Dan to participate in the meeting. We would set up a conference call to facilitate your participation.

Thanks,
Robyn

Jeff:

See attached proposed responses to Ms. Kerry DeGregorio's verbal inquiries regarding West Lake Landfill. Ms. DeGregorio is the Constituent Advocate for Sen Blunt's office. Also attached is a copy of her business card along with the cards for the other congressional staff that attended Monday's CAG.

St. Louis District also mentioned that Ms. De Gregorio requested an opportunity to meet with them next week in St. Louis. I do not know what topics she wanted to discuss or if they involve West Lake (might be FUSRAP-related). I am trying to get clarification. Will confirm if this meeting request is regarding West

Lake. If so, I will coordinate through you regarding EPA and USACE participation.

Thanks,
